

Guy, Laura, John and Mark's Volvo Offer

We will be paying the full asking price of **\$21,000**, with this offer, **and more**. You will be receiving a total retail value for the car of **\$37,310**.

This is how it will work.

- Each of the seven kids will receive a **\$2000 Caratti Jewelers credit** to use on any purchase in the store.
- The price you will pay for the jewelry is ½ off and you will pay **NO tax** on purchases.
- The remaining amount due of \$7,000 will be paid in cash.

☺ *Why settle for Peanuts when you can have diamonds?* ☺

My calculations are as follows:

Total Purchase Calculation

Caratti Store Credit for Tony's 7 children	\$2000 x 7 =	\$14,000
Payment In Cash		<u>+ 7,000</u>
Full Asking Price		\$21,000

Regular Jewelry Retail Value

Regular Jewelry Retail Price		\$28,000
Tax		<u>+ 2310</u>
Regular Jewelry Retail Value		\$30,310
Payment in Cash		<u>+ 7000</u>
Total Retail Value You Will Receive		\$37,310

Total Extra Value You Receive With This Offer

Your Saving of ½ off jewelry		\$14,000
Tax		<u>+ 1,155</u>
Total Extra Value You Receive With This Offer		\$15,155

This offer has many advantages for all of us. Each of you will receive a hard plastic credit card with your name and account number on it. When you make a purchase we will subtract it from your account. If you wish to charge more than the \$2000, against your account, we will treat it like a regular Caratti Jeweler account and bill you monthly.

Thank you very much for accepting this offer.

Your number 1 nephew, son, grandson and family,

Colin Bennett Jr. (Guy)
